

24 Way Unloaded FTP Keystone Patch Panel

The Connectix 24 Way Keystone Patch Panels offer high density and the capability for 10G data transmission performance levels. Supplied unloaded – the patch panel installation and termination time can be greatly reduced when Connectix Tool-less Snap-to-fit Keystone

Modules are used in the panel. To further increase on-site installation efficiency, Connectix Express Pre-terminated and Pre-tested Modules can also be used.
